PSE REQUEST NO. 015 to WESTERN VILLAGE ESTATES

Request:

Please provide a description of: (a) how lot numbers 117 through 129 are used at Western Village Estates, (b) how each of these lots is supplied with electric service (including the type, configuration and location of electric facilities), and (c) what use is made of electricity at each of these lots.

Response:

As PSE is aware, lot numbers 117 – 129 are Recreational Vehicle Lots in a very small section within Western Village. These lots are rented on a transient and daily basis. The power to lot numbers 117 – 129 is part of Western Village's security lighting, is minimal in nature, is on a single meter, and is paid for by Western Village.
