RE: UT-060012 Order Implementing Mandatory Thousands-Block Number  
Pooling in the 509 and 360 Number Plan Area

Dear Ms. Young,

The Washington Utilities and Transportation Commission (UTC) received your July 2, 2007, letter regarding donation of number blocks. Thank you for notifying the UTC that the company will have block donations completed by July 6, 2007.

NeuStar, Inc., the Number Pooling Administrator, has informed Commission staff that Embarq's donations will be processed and accepted if donated no later than Friday, July 6, 2007, and Embarq files an amended NRUF report.

Please send a letter to Rebecca Beaton of Commission staff when Embarq amends its NRUF filing with NANPA to include all number blocks donated by July 6, 2007. The UTC considers it essential that data reflected in the upcoming NRUF report for Washington includes the Embarq donated blocks.

Sincerely,

CAROLE J. WASHBURN  
Executive Secretary
