CenturyLink ultimately plans to discontinue these services but is not seeking authority to do so at this time.

CenturyLink provides the following information pursuant to Section 63.71 of the Commission's Rules:

1. Name and Address of the Carrier

Level 3 Telecom
100 CenturyLink Drive
Monroe, LA 71203

¹ The Level 3 Telecom entities listed on Appendix A are competitive local exchange carrier and interexchange carrier subsidiaries of Lumen Technologies, Inc. (f/k/a CenturyLink, Inc.) (FRN: 0018-6268-53). This application is filed on behalf of, and is limited to, Level 3 Telecom.

2. Date of Planned Service Discontinuance

As of February 15, 2022, or as soon thereafter as the necessary regulatory approvals can be obtained, CenturyLink will no longer offer Converged Voice Services to new customers.

Existing customers of these services will be grandfathered as follows:

- The Converged Services bundles will no longer be available to new customers.
- The SIA firewall service currently included in the Voice + VPN + Secure Internet Access bundle will no longer be available as part of that bundle.
- Customers with a contract may retain their bundle on a month-to-month basis once that contract expires, except for the SIA firewall service.
- Existing contracts may be renewed for a 12-month period.
- Moves, Adds and Changes will be allowed as part of an active contact.

3. Points of Geographic Areas of Service Affected

CenturyLink seeks authority to grandfather the provision of Converged Voice Services currently offered in all 50 states and the District of Columbia.

4. Description of Service Affected

Converged Voice Services are flexible bandwidth bundled services consisting of local exchange service with selected features, a Long Distance and/or Toll Free usage allowance, and the option of adding Internet Access and/or Virtual Private Network (VPN) service. All Converged Voice Services include a fully managed integrated access device placed at the customer premises. Services can be provided via a TDM interface (T1 or DS3) or via an Ethernet interface. The Converged Voice Services bundles are described as follows:

The Voice + Internet bundle: The Customer designates the number of voice channels to be configured as described above. The remaining available bandwidth, including excess bandwidth available when all voice services are not in use, will be dynamically allocated for Internet access service.

The Voice + VPN bundle: The Customer designates the number of voice channels to be configured as described above. The remaining available bandwidth, including excess bandwidth available when all voice services are not in use, will be dynamically allocated for VPN access service.

Voice + VPN + Secure Internet Access: The Customer designates the number of voice channels to be configured as described above. The remaining available bandwidth, including excess bandwidth available when all voice services are not in use, will be dynamically allocated for VPN access service and Secure Internet Access (SIA) firewall service.

The public convenience and necessity will not be adversely affected by the grandfathering of the service bundles described herein. Current customers of those service bundles will not be losing those services. No other products or services are impacted by this application.

5. Brief Description of the Dates and Methods of Notice to All Affected Customers

CenturyLink notified customers of the plan to grandfather Converged Voice Services in a letter sent via U.S. Mail on December 17, 2021. Those customers were notified that the proposed grandfathering would take effect on February 15, 2022, or as soon after that date as authorized by the relevant regulatory commissions. A copy of the customer notification is appended hereto. (*See Attachment A.*)

6. Whether the Carrier is Considered Dominant or Non-dominant with Respect to the Service to be Grandfathered

CenturyLink is considered non-dominant with respect to the services to be grandfathered.

7. Other Information

In accordance with Section 63.71(a) of the Commission's Rules, a copy of this application is being mailed concurrently with its filing to the entities listed on the attached certificate of service.

Respectfully submitted,

Important Notice Regarding the Planned Grandfathering of Certain Voice and Data Services Provided by Level 3 Telecom, a Lumen Company

Dear [REDACTED],

At Level 3 Telecom, a Lumen Company, our goal is to provide you with great quality and value while remaining competitive. Changing market conditions require that we continually evaluate our prices, product offerings, and infrastructure, and occasionally our evaluation results in changes.

As of February 15, 2022, or as soon after that date as authorized by the Federal Communications Commission, Level 3 Telecom is grandfathering its Converged Voice Service bundles which are currently offered in all 50 states and the District of Columbia. The Converged Service bundles described below will no longer be available to new customers.

Converged Voice Services are flexible bandwidth bundled services consisting of local exchange service with selected features, a Long Distance and/or Toll-Free usage allowance, and the option of adding Internet Access and/or Virtual Private Network (VPN) service. All Converged Voice services include a fully managed integrated access device placed at the customer premises. Services can be provided via a TDM interface (T1 or DS3) or via an Ethernet interface. The Converged Voice Service bundles are described as follows:

The Voice + Internet bundle: The Customer designates the number of voice channels to be configured as described above. The remaining available bandwidth, including excess bandwidth available when all voice services are not in use, will be dynamically allocated for Internet access service.

The Voice + VPN bundle: The Customer designates the number of voice channels to be configured as described above. The remaining available bandwidth, including excess bandwidth available when all voice services are not in use, will be dynamically allocated for VPN access service.

Voice + VPN + Secure Internet Access: The Customer designates the number of voice channels to be configured as described above. The remaining available bandwidth, including excess bandwidth available when all voice services are not in use, will be dynamically allocated for VPN access service and Secure Internet Access (SIA) firewall service.

As of February 15, 2022, or as soon after that date as authorized by the Federal Communications Commission:

- The Converged Service bundles will no longer be available to new customers.
- The SIA firewall service currently included in the Voice + VPN + Secure Internet Access bundle will no longer be available as part of that bundle.

- Customers with a contract may retain their bundle on a month-to-month basis once that contract expires, except for the SIA firewall service.
- Existing contracts may be renewed for a 12-month period.
- Moves, Adds and Changes will be allowed as part of an active contact.

We understand that this is an inconvenience, but we are confident that our team can seamlessly manage the entire process to provide your business with a better communications solution.

If you have questions, please call 800-871-9244, Option 3, and we will connect you with a sale representative. If you would like to designate an operational contact with respect to this matter, please provide his or her contact information as soon as possible.

If you subscribe to other services from Lumen, those services will NOT be impacted by the anticipated grandfathering of the affected services listed above. Your other services will remain in place with no change to the applicable rates, terms, or conditions.

We value your business and appreciate your cooperation regarding this notice.

Thank you,

Level 3 Telecom

The following statement is required by the FCC:

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of Level 3 Telecom. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.
