RE: Docket TP-190976

Dear Commissioners & UTC staff,

Enclosed in Pacific Yacht Management's Petition to Intervene in regard to docket TP-190976. I am happy to answer any questions you might have about the economic impact of transient recreational vessels in Washington State. PYM and other members of the recreational maritime community in Washington State are also happy to answer any questions that may arise about the negative impact the proposed tariff increases will have on the recreational maritime community.

Sincerely,

Monique Webber  
Yacht Agent  
Chair for Superyacht Northwest
