Subject: RE: B1 Navigation Channel Project Area Field Change Request Form 2

CAUTION – EXTERNAL EMAIL: This email originated from outside of Anchor QEA. Please exercise caution with links and attachments.

Hello Bob and Ryan,

EPA has reviewed Field Change Request Form 2 for the collection of four additional surface sediment grabs for the purpose of sediment management area delineation. The field change request is approved.

Thanks,

Hunter Young

Subject: B1 Navigation Channel Project Area Field Change Request Form 2

Hunter,

Attached for your review and approval please find Field Change Request Form 2 for the B1 Navigation Channel Project Area fall 2020 Pre-Design Investigation. This change is associated with the collection of four additional surface sediment grabs to attempt to laterally bound total PAH RAL exceedances along a portion of the Project Area sediment management areas. Anchor QEA is prepared to collect these additional samples as early as tomorrow pending EPA's approval. Don't hesitate to let me know if you have any questions. Regards.

Ryan Barth, P.E.
