Re: *Washington Utilities and Transportation Comm'n v. Puget Sound Pilots* - Docket TP-190976

Dear Mr. Johnson:

Please find attached supplemental testimony of Captain Michael Moore (Exhibit MM-50T) with supporting exhibit MM-51, an updated exhibit list, and certificate of service for filing in the above-referenced matter. These attachments were all served upon the parties on July 16, 2020. We believed we had filed them in the UTC web portal that same day, but we have just discovered that they inadvertently did not get filed. They are being filed electronically today so that the record before the Commission is complete.

This supplemental testimony and exhibit simply provides the responses to data requests that Capt. Moore's original May 27, 2020 testimony had cited to the extent those responses have not already been included in other exhibits. The supplemental testimony and exhibit does not intend to provide any new information; not including them originally was an oversight.

Sincerely,

Michelle Delappe
Principal
