

**ENERGY PROJECT (EP) CROSS EXAMINATION EXHIBITS
DOCKET NO. 100749**

ALL PARTIES OF RECORD: To simplify, PLEASE BE ADVISED, that the Energy Project intends to cross-examine witnesses William R. Griffith, Rebecca M. Eberle and Thomas E. Schooley using the same cross-examination exhibits which, as set forth in the exhibit list below, include Applicant's Responses to Energy Project Data Requests 4, 5, 12, 24, and 27. Because she is the first of the three identified witnesses scheduled to testify, Rebecca M. Eberle's initials (RME___) will be labeled on the actual hard copy of the cross-exhibits. This procedure is being followed based on my understanding that the ALJ does not wish to fill the record with multiple copies of the same exhibits where multiple witnesses are being cross-examined on said exhibits. I hope that this simplifies rather than complicates matters.
