**CORRECTION NOTICE TO ORDER 06**

RE: *Washington Utilities and Transportation Commission v. Waste Management of Washington, Inc.*, Dockets TG-101220, TG-101221, and TG-101222  
(consolidated)

TO ALL PARTIES:

On February 28, 2011, the Washington Utilities and Transportation Commission (Commission) entered Order 06 – Initial Order Approving and Adopting Partial Settlement Agreement in the above matters. The parties waived administrative review, and Order 06 became final by operation of law on February 28, 2011.

On March 1, 2011, Commission Staff filed a letter requesting that the Commission correct an internal inconsistency between Paragraphs 26 and 34 in Order 06. Paragraph 26 states that the parties agreed Waste Management would apply certain revenues to the calculation of ratepayer recycling commodity credits over a six-month period that begins on March 1, 2011. Paragraph 34 requires Waste Management to file revised tariff sheets implementing this agreement with an effective date that affords Staff at least three business days for review. Order 06, however, was entered only one day before March 1, 2011, which did not afford Staff the time for review required in Paragraph 34. Accordingly, the Commission makes the following corrections to Paragraph 34:

- 34 (2) Waste Management of Washington, Inc., is authorized and required to make a compliance filing including revised tariff sheets that meet the requirements of this Order and bear an effective date that affords Staff at least ~~3~~ one business days for review.

Sincerely,

DAVID W. DANNER
