CASCADE DATA REQUEST NO. 14:
Re: Plant Additions (Pro Forma)

Please confirm that the final cost of the Arlington Gate Project (FP-300233, FP-316586, and FP-317322), Bellingham 8” HP (FP-317060), and Moses Lake 4” PE (FP-318482), as reflected in Exhibit PCD-4, is \$7,865,808. If denied, please explain.

RESPONSE:

Staff cannot confirm amounts related to FP-317322 as Cascade reported those amounts after Staff had completed its review of the Company’s direct case. Therefore, Staff did not have sufficient time to examine and verify the costs Cascade now claims for FP-317322. Staff can confirm that the \$7,865,808 amount is the sum of final costs Cascade reports for these projects in Darras Exh. PCD-4, which was submitted with the Company’s rebuttal testimony on January 8, 2021.
