2 The Company respectfully requests, through this motion, that the Commission
issue its standard protective order.

3 On May 4, 2010, the Company filed revised tariff schedules to increase base rates
to its customers, along with prefiled direct testimony, exhibits and workpapers in support
of the proposed tariff revisions. The Company marked a number of exhibits and
workpapers as “confidential”. This includes sensitive information relating to capital
structure, confidential inputs (such as contract terms and forward price curves) to the
Company’s net power cost modeling and tax information. This information is
commercially sensitive and its public release or its use outside of this proceeding could
harm the Company and its customers.

4 Additionally, parties to this proceeding may request other types of information not
listed above that is commercially valuable to the Company that should be protected from
public disclosure or to persons who might make use of such information to the
Company's detriment outside the scope of this proceeding.

5 The Company respectfully requests that the Commission expeditiously enter its
standard protective order before the prehearing conference so that the Company may be
able to provide the confidential exhibits and workpapers to all parties. The entry of the
Commission’s standard protective order will also facilitate the prompt commencement of
discovery in this case.

II. CONCLUSION

6 Wherefore, the Company respectfully requests that the Commission enter on an expedited basis the standard protective order for this proceeding.

DATED: May 7, 2010.

Respectfully Submitted,

Katherine A. McDowell
