**BEFORE THE WASHINGTON  
UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of the Petition of

PACIFICORP d/b/a Pacific Power  
& Light Company,

Petitioner

DOCKET NO. UE- 111880

PacifiCorp's Petition for Modification of  
Filing Date for its Biennial Conservation  
Plan of 2014-2023 Achievable  
Conservation Potential

1. PacifiCorp d/b/a Pacific Power & Light Company (Company) hereby petitions (Petition) the Washington Utilities and Transportation Commission (Commission) for a modification of the date for filing the Company's Biennial Conservation Plan of 2014-2023 Achievable Conservation Potential and 2014-2015 Biennial Target. The current date, set forth in Section 8(f) of Order 01 in this docket, is September 15, 2013. The Company is requesting to change the filing date to November 1, 2013. In support of this Petition, the Company states:
  2. PacifiCorp is an electric company and public service company in the State of Washington within the meaning of RCW 80.04.010, and is subject to the Commission's jurisdiction with respect to its prices and terms of electric service to retail customers in Washington. PacifiCorp provides electric service to approximately 132,000 retail customers in Washington.
  3. PacifiCorp's name and address:

[mary.wiencke@pacificorp.com](mailto:mary.wiencke@pacificorp.com)

4. Under WAC 480-109-010(3), the Company must file on or before January 31, 2010, and every two years thereafter, with the Commission a report identifying its ten-year achievable conservation potential and its biennial conservation target. Section 8(f) of Order 01 to this docket requires utilities to file this report, referred to as the Biennial Conservation Plan, by September 15, 2013.
5. On September 13, 2012, the Commission issued Order 03 in docket UE-100170 regarding the Company's conservation achievement for the 2010-2011 biennium. In that Order the Commission required the Company, in collaboration with Avista Corporation (Avista) and Puget Sound Energy (PSE), to develop a consistent approach to claiming conservation savings associated with the Northwest Energy Efficiency Alliance (NEEA) and to provide a joint proposal to the Commission no later than November 1, 2012. Order 03 also directed the Company to incorporate the modified approach into the development of its 2014-2015 Biennial Conservation Plan.
6. In accordance with Order 03 in docket UE-100170, on October 31, 2012, the Company filed, along with Avista and PSE, a joint proposal for a consistent approach to tracking and reporting conservation savings associated with NEEA (Joint Proposal). The Joint Proposal included a proposed modification to the filing date the 2014-2015 Biennial Conservation Plan; from September 15, 2013, to November 1 of every odd year.
7. This modified filing date was proposed to align the filing dates of the Biennial Conservation Plans of all three utilities. Aligning the filing dates facilitates NEEA's ability to create a conservation forecast and track savings from a single set of market baseline assumptions, as described in the Joint Proposal. Based on the foregoing, the

Company respectfully requests that it be allowed to file its 2014-2015 Biennial Conservation Plan on November 1, 2013, rather than September 15, 2013.

8. Allowing this modification to the Company's filing for the 2014-2015 Biennial Conservation Plan is in the public interest. This will allow the Company, in cooperation with Avista, PSE, and NEEA, to implement the Joint Proposal.

Respectfully submitted this 20<sup>th</sup> day of March, 2013.

Mary M. Wiencke  
Pacific Power & Light Company

Counsel for PacifiCorp
