Good neighbors

- 1,300,000: the number of tax dollars brought yearly to Kittitas County.
- 1,200,000: the number of megawatt hours of electricity generated.
- 17,000: the number of people to tour the Renewable Energy Center visitor's facility.
- 7,000: the number of acres in the voluntarily-created conservation easement.

Puget Sound Energy's Wild Horse Wind and Solar Facility is proud to call the Kittitas Valley home.

Please bring your herd by for a look, but remember the Renewable Energy Center closes for the winter Nov. 30. We'll open again in April 2009.

Visit PSE.com for directions, or call 1-509-964-7815 for tour and conference information.
