TO ALL INTERESTED PERSONS:

The Washington Utilities and Transportation Commission (Commission) will accept comments on Cascade Natural Gas' (Cascade or Company) integrated resource plan for natural gas service. An "integrated resource plan" (IRP or Plan) describes the lowest cost mix of natural gas supply and conservation designed to meet current and future energy demands at the lowest reasonable cost to the utility and its ratepayers.

Cascade representatives will present the Plan to the Commission for its review and respond to questions from the Commissioners and the public at a recessed open meeting to be held on **Monday, March 11, 2019**, at the Commission's headquarters, Room 206, Richard Hemstad Building, 1300 S. Evergreen Park Drive S.W., Olympia, Washington.

A copy of the IRP is on file in the library at the Commission's offices in Olympia, and on [Cascade's website](#). Requests for copies of the Plan should be directed to Cascade.
