King County Responses to Commission's Bench Requests

**ERRATA SHEET
RESPONSE TO BENCH REQUEST NO. 1.2**

Commission Bench Request No. 1.

Section 3.3 of the Stipulation establishes a Service Revision Date as the date the King County Settlement Agreement was filed with the Commission (*i.e.*, April 19, 2002).

- 1.2 If there would be an impact on the rates and charges, what would be the dollar impact on the rates and charges to King County relative to what King County would be required to pay for the same service under the existing Special Contract?

Response:

King County's response to Commission Bench Request No. 1.2 filed earlier today was in error. King County pays approximately an additional \$12,000 to \$15,000 per day under the Special Contract, as compared with Schedule 49. King County generally agrees with the data provided by PSE in response to this request. The impact will still vary according to the amount of rainfall.
