**Public Counsel Data Request 43**

**RE: CONFIDENTIAL Attachment PC 26.**

Please back out the individual amounts for all forms of compensation listed in Confidential Attachment PC 26 from the total wages and benefits calculation and perform the calculation to determine the total Washington allocation amount for each individual form of compensation included in the test year.

**Response to Public Counsel Data Request 43**

The Washington direct allocation of these costs included in the test year cannot be produced as the costs are added to the overall total labor and benefit costs and are then allocated to jurisdictions. However, notwithstanding this limitation, the Washington allocation is approximately 6.725% of total utility labor as calculated in Confidential Attachment PC 43. Confidential information is provided subject to the terms and conditions of the protective order in this proceeding.
