**Attachments:** 183 MT Public Comments on Dockets UG-141169 and UE-141170.pdf

Dear UTC Commissioners:

I urge you not to acknowledge any long-range proposal from Puget Sound Energy (PSE) that does not address a retirement plan for PSE's dirty, dangerous, and increasingly expensive Colstrip coal plant. The question is not whether PSE will be forced to retire Colstrip Units 1 and 2--the question is when.

Higher operating costs combined with the plummeting price of renewable and natural gas has significantly impacted the plant's financial stability. When NorthWestern Energy considered buying PPL Montana's share of Colstrip, they found that the value of Colstrip plus PPL Montana's hydro assets was worth less than the hydro assets alone. That means that Colstrip had a negative long-term value. Senator Ankney himself acknowledged in October that Colstrip Units 1 and 2 are unlikely to run beyond 2025-2030.

It is critical that we plan ahead for Colstrip's retirement to ensure an orderly and just transition to clean energy and to address the clean of Colstrip's toxic coal ash ponds. The groundwater in the vicinity of Colstrip is literally the lifeblood of the agricultural economy that was there long before the power plants and will remain long after. The leaking ash ponds pose a real threat to these Montana businesses. PSE has an obligation to this community to start planning now.

Sincerely,

Mike Scott  
Senior Organizing Representative  
2401 Montana Ave, Suite 4  
Billings MT 59101
