5. AWEC is a non-profit association comprised of more than 40 end users of natural gas with major facilities in the States of Washington, Oregon, and Idaho. AWEC members include diverse industrial and commercial interests, including food processing, pulp and paper, wood products, electric generation, aluminum, steel, chemicals, electronics, and aerospace. The association provides an informational service to its members and participates in various regulatory matters that affect member interests. AWEC member companies purchase sales and transportation services from Washington local distribution companies (“LDCs”), including Cascade Natural Gas Corporation (“Cascade”).

7. Cascade’s request for authority to increase rates will impact the interests of AWEC member companies. AWEC members have a direct and substantial interest in Cascade’s request for authority increase rates. No other party can adequately represent AWEC member companies’ interests, and the Commission’s determination in this proceeding will directly affect AWEC member companies.

8. AWEC reserves the right to propound data requests, review responses to data requests, submit testimony and exhibits, call witnesses, cross-examine all witnesses called by other parties and submit any written arguments and motions that may be appropriate to represent its interests in this proceeding.

9. AWEC’s participation in this proceeding will assist the Commission in resolving the issues in this proceeding and will not unreasonably broaden the issues, unduly burden the record, or delay this proceeding.
WHEREFORE, based upon the foregoing, AWEC respectfully requests leave to intervene as a party in this proceeding, with all of the procedural and substantive rights associated with full party status as described in WAC §480-07-340.
