Public Counsel Data Request 182

Re: Rate Spread

Please provide the overall revenue increase percentages by customer class reflecting the Company's revised revenue requirement assuming the Company's original rate spread proposal made in its direct case.

Response to Public Counsel Data Request 182

Using the original rate spread proposal presented in the Company's direct case and the revised revenue requirement presented in the Company's rebuttal case, all customer classes other than lighting would receive an 18 percent increase. Lighting would receive a 5 percent increase.
