Re: Alderlake Water System ID# 26995H

Dear Ingrid:

In response to your letter of September 5, 2003 concerning bilateral agreement for the above water system, I have checked with the water company's attorney and he feels we could have financing by January of 2004.

Because of the inclement weather the water line would be installed in early spring, March or April 2004.

We will prepare our schedule and will provide you with a date, within the next two weeks.

If you have any questions please call me at 206-282-4200.

Sincerely,

David Dorland */d*
