NOTICE SUSPENDING PROCEDURAL SCHEDULE

Re: *WUTC v. AT&T Communications of the Pacific Northwest, Inc.*,
Docket UT-060962

TO ALL PARTIES:

On September 7, 2007, Commission Staff filed a letter requesting that the Commission suspend the procedural schedule in this proceeding. The basis for Staff's request is that the parties have reached a settlement in principle, but require additional time to reduce the details of their agreements to writing and obtain signatures. Staff states that the parties intend to file their agreement with supporting documents by October 19, 2007.

Commission Staff shows good cause to suspend the procedural schedule. Accordingly, the request is granted.

THE COMMISSION GIVES NOTICE That the procedural schedule in this proceeding is suspended pending filing by the parties of their settlement agreement and supporting documentation and/or further notice by the Commission.

Sincerely,

DENNIS J. MOSS
Administrative Law Judge
