**RE: Docket No. UT-033044, Order No. 03 - FCC Triennial Review Order ~  
Intellicall Operator Services, Inc. Response**

Dear Carole Washburn:

Intellicall Operator Services, Inc. (Intellicall) received the Commission's CLEC Questions issued in Docket No. UT-033044. This letter is being sent to notify the Commission that while Intellicall does hold certification as a CLEC, we have not initiated CLEC operations in the State of Washington or any other state. In addition, we have no immediate plans to begin CLEC operations under current market conditions.

Given that Intellicall has no CLEC operations there is no basis for responding to the CLEC questions issued in this Docket. For this reason, I would like to respectfully request that Intellicall be granted a waiver from filing the requested responses and all future information requests in the Docket. There would be no benefit to the parties in the Docket from our continued participation.

Please consider this letter to be our official response to the CLEC Requests issued in Order No. 03 as well as our request for waiver from all CLEC Requests that may be issued in the Docket. Commission confirmation that our request for waiver has been granted would be greatly appreciated. I can be reached at (407) 971-6801 should you have questions or concerns.

Respectfully,

Marsha A. Pokorny
