Re: DOCKET NO. UT-061443, IN THE MATTER OF THE PETITION OF ESCHELON TELECOM OF WASHINGTON, INC. FOR APPROVAL OF AN ALTERNATIVE MEASUREMENT OF SERVICE QUALITY REPORTING PURSUANT TO WAC 480-120-439(12) – **August 2008 Report**

Dear Mr. Danner:

Enclosed for filing with the Washington Utilities and Transportation Commission is the monthly service quality report of Eschelon Telecom, Inc.'s Washington affiliates in accordance with WAC 480-120-439 and Order 01 in Docket UT-061443 for the month of **August 2008** (due September 30).

As noted in previous filings, Eschelon Telecom, Inc. and its subsidiaries, including the Washington subsidiaries, were acquired by Integra Telecom Holdings, Inc. on August 31, 2007. Through this acquisition, Integra Telecom of Washington, Inc. (Integra) may have reached the threshold at which it too must report service quality statistics as a Class A provider. Integra has filed a petition for approval of alternative measurements and reporting, Docket No. UT-080864.

Many of the Integra and Eschelon operations have now been integrated and we are no longer able to identify Eschelon-specific commitments and appointments. Thus, the statistics presented under Subparts (3) and (4) of this report also include Integra commitments and appointments.

Should Commission Staff have any questions or concerns, please contact me directly.

Sincerely,

Cathy Murray
Manager, Regulatory Affairs
Integra Telecom
