Shamish P. Patel, P.E.

Thanks to everyone for participating in this conversation – Friday afternoon is not the ideal time, but it seems like the best option for everyone. Feel free to invite others from you respective organizations as needed.

Agenda:

- SWG's initiative to leak survey when ground faults occur
- NWN's proposed project with OTD and GTI
- PSE's leak survey pilot project
- Share lessons learned and identify opportunities for future collaboration and mutual support
- Other topics as they come up

Thanks,
Steve
