**Tenino Telephone Company**  
**FCC Form 481 (July 2016), Line 510**  
**Description of Processes and Procedures to Ensure**  
**Compliance with Service Quality Standards and**  
**Consumer Protection Rules Per Instructions**  
**for Completing FCC Form 481**

This document details the processes and procedures that Tenino Telephone Company (the “Company”) follows to ensure compliance with service quality standards and consumer protections rules as set forth in the Instructions for Completing FCC Form 481.

For service quality standards that are affected by plant issues, the Company engineers and installs its plant and other facilities in such a way as to ensure, to the greatest extent possible, compliance with service quality standards that exist at the time that the plant and facilities are constructed. Plant is augmented, upgraded and/or reconfigured as service needs evolve.

In addition, Company employees are periodically briefed on issues involving service quality standards and consumer protection rules. In particular, if any set of issues appear to be prevalent, employees are given briefings on how to handle such issues. A recent example is the call completion problems that have arisen and the customer calls that are generated as a result. Although this is not a service quality problem caused by the Company, it does affect customers of the Company and, therefore, deserves the attention of the Company employees.

The Company also periodically reviews its operating procedures to be sure that those operating procedures are in compliance with service quality standards and that the operating procedures are not in violation of consumer protection rules. If questions arise, legal counsel is sought as needed.

If a complaint pertaining to the Company’s compliance with service quality standards or consumer protection rules is received by the Company, the complaint is promptly investigated, the matter tracked and any corrective action noted. This process ensures that issues involved in the matter are addressed and corrections made, if needed. It should be noted that the Company has received no customer complaints in the past five years regarding service quality standards or consumer protection rules as they relate to the service offered by the Company other than call completion issues, which, as noted above, are not caused by the Company.

FCC Form 481 (July 2016), Line 610  
Statement Describing Ability to Function  
in Emergency Situations Per Instructions  
for Completing FCC Form 481**

At line 600 of FCC Form 481, Tenino Telephone Company (the “Company”) certified that it is able to function in emergency situations as set forth in 47 C.F.R § 54.202(a)(2). This means that the Company has a reasonable amount of back-up power to ensure functionality without an external source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations. This statement describes how the Company is prepared to provide continued service in an emergency situation.

The Company has back-up batteries that provide service for its central office during a commercial power outage, with the capacity to function for at least eight hours. In addition, there is a diesel-powered generator available. The generator automatically starts during any power outage or spike in the commercial power that powers the central office and business office. Further, the Company has propane generators installed at all but one of its remote sites. The one remote site that does not have an installed generator is supplied with a portable generator for use in the event of a commercial power outage.

The Company has route redundancy and diversity for interexchange access service, E-911 trunking and SS7 signaling circuits.

The Company’s outside plant is primarily buried and, thus, protected from most weather events. The Company’s central office switch capacity is engineered to accommodate traffic spikes, and its interexchange facilities also have the capacity to provide additional circuits for interexchange carriers should the need arise.

In the case of isolated groups of customers that may suffer damage due to a cable cut, the Company maintains sufficient staff and other resources to be able to put customers back in service in a very short amount of time. The Company’s emergency service equipment is located within its exchange and requires very little time to dispatch.

## Doing Business With Us

### ❖ Eligible Telecommunications Carrier

Tenino Telephone Company has been the local telephone company serving the Tenino and Bucoda areas since approximately 1905. During the intervening years, we have worked hard to build a telephone system that would provide high quality telecommunications service to the communities we serve. We have served and intend to continue to serve both residential and business customers in our service area with high quality telecommunications services at attractive and affordable rates.

In addition to our basic telephone services, we offer throughout our service area advance telecommunications service including Internet access, high speed data services, special calling features and voice mail.

The basic services offered by Tenino Telephone are comprised of several components. At a minimum, these include:

## Independent Accountant's Review Report

Board of Directors  
Tenino Telephone Company  
Tenino, Washington

We have reviewed the accompanying financial statements of Tenino Telephone Company (a wholly-owned subsidiary of Scatter Creek, Ltd.) (the "Company"), which comprise the balance sheets as of December 31, 2015 and 2014, and the related statements of operations and retained earnings and cash flows for the years then ended and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.
