Re: Docket No. TG-190476; *WUTC v. Peninsula Sanitation Service, Inc.*; Further extension request
Pursuant to Order 02

Dear Mr. Johnson:

The current extended date for filing a general rate case in this docket as ordered by the Commission pursuant to Section 19 of Order 02 is September 1, 2020. Unfortunately, because of the ongoing pandemic but particularly because of a cardiac procedure that now is scheduled for the Company's regulatory accountant in this matter, we must reluctantly seek a further extension to the deadline to file a general rate case in this matter.

As for a new extended date, we are hopeful we can comply well before December 15, 2020. However, due to the continuing pandemic and the apparent inaccessibility of some of the books and records with office operating constraints and required travel to the company's office and most particularly because of the uncertainty of the health condition of the Company's regulatory accountant, we believe we should seek sufficient additional time in the projected extension date which the Commission's rules on continuances require be specified. In arriving at this date, we have conferred with Commission Staff about the unavoidable need for this extension and understand they do not oppose it which we greatly appreciate. Clearly, circumstances beyond our collective control have all converged in bringing us to this point.

Thank you for your continuing consideration in this matter.
