C. General Regulations (Continued)

1. Establishment and Furnishing of Services (Continued)

f) Customer Billing (Continued)

If a customer whose bill is rendered monthly fails to at least pay the charges associated with local service, within 15 days after its date of presentation, the Company may temporarily or permanently disconnect the customer's service. Such disconnection shall not be made until at least 24 hours following written notification to the customer of the Company's intention to disconnect service.

When a utility employee is dispatched to disconnect service for nonpayment, and the customer pays the bill, the utility shall assess a Restoral Charge as provided in Section 5 for the premises visit to the service address.

Service which has been temporarily disconnected will be charged the regular rates for a period not to exceed ten days following the date of disconnection. When service is completely disconnected, charges for service will be discontinued as of the date of disconnection.

g) Checks Returned By Banks

For each check returned by a bank to the Company for the reasons of insufficient funds or a closed account, a Return Check Charge from Section 5 will be applied and collected by the Company. A returned check is considered to be a nonpayment. This also applies to transaction cards.

h) Late Payment Charge

A late payment charge of 1.5 percent or \$2.50, whichever is greater, for residential, or 1.5 percent or \$5.00, whichever is greater, for business, applies to each customer's bill when the previous month's bill has not been paid in full, leaving an unpaid balance carried forward. The 1.5 percent is applied to the total unpaid amount carried forward and the charge (minimum \$2.50 for residential and \$5.00 for business) is included in the total amount due on the current bill.

The Company will accommodate customers who have a medical emergency as provided for by WAC 480-120-172(6). In the case of a certified medical emergency under these rules, the Company will waive the late payment charges for the length of time provided for in WAC 480-120-172(6)(c).

The Company will waive late payment charges for customers who establish a preferred payment date, and whose payment is made by the scheduled date, as provided by WAC 480-120-161(2)(a). If payment is not made by the scheduled date, late payment charges shall apply.

1. Establishment and Furnishing of Services (Continued)

h) Late Payment Charge (Continued)

When the customer contacts the Company to question certain charges made to the customer's billing, and the customer and the Company work together to resolve the concern, if the Company agrees to credit the customer's account, the Company will also credit the customer's account for any late payment charges associated with the credited amount.

When a complaint involving disputed charges is referred to the Commission for resolution, the Company will waive the late payment charges associated with the disputed amount for the period of time the complaint is open with the Commission, provided that charges not in dispute are paid when due. Late payment charges associated with disputed charges will be treated the same as disputed charges under WAC 480-120-172(12).
