February 28, 2018

TO: Interested Persons
FROM: Stephen Posner, EFSEC Manager
SUBJECT: Replacement Document Mitigated Determination of Nonsignificance
Notice – TUUSSO Energy Columbia Solar Projects

On February 27, 2018 EFSEC issued the Mitigated Determination of Nonsignificance (MDNS), MDNS Notice and the SEPA memo. This issuance included 2 copies of the MDNS, one of which was identified as the MDNS Notice. That Notice is now being provided in the following page.

STATE OF WASHINGTON
ENERGY FACILITY SITE EVALUATION COUNCIL
PO Box 47250 • Olympia, Washington 98504-7250

February 27, 2018

TO: Interested Persons
FROM: Stephen Posner, EFSEC Manager
SUBJECT: Mitigated Determination of Nonsignificance – TUUSSO Energy
Columbia Solar Projects

Under the State Environmental Policy Act, or SEPA, the Energy Facility Site Evaluation Council (EFSEC) is required to ensure that environmental values are considered for projects under its jurisdiction. As the EFSEC SEPA Responsible Official, I have reviewed environmental information submitted by the proponents and others regarding the proposed TUUSSO Energy, Columbia Solar Project proposal.

Enclosed you will find a Mitigated Determination of Nonsignificance that includes mitigation so that the proposal would not have an adverse impact on the environment.

The public and agencies are invited to comment on this Mitigated Determination of Nonsignificance by submitting written comments no later than **March 13, 2018**.

Comments can be submitted electronically online by visiting the EFSEC website: http://www.efsec.wa.gov/Tuusso_Solar.html Once on EFSEC's website go to the Columbia Solar MDNS page.

Written comments can be submitted by mail to:
The Energy Facility Site Evaluation Council
