Re: Transmittal of TUUSSO Energy Columbia Solar Projects Redacted Cultural Resources Reports

Dear Ms. Bumpus:

This letter and transmittal is in response your request to Jason Evans, TUUSSO Energy General Counsel and Vice President of Business Development, on March 23, 2018, to receive copies of the redacted versions of the Columbia Solar Project cultural resources reports. In response to your request, please find enclosed a thumb drive containing the following requested 10 PDF files:

- Camas, Fumaria, Penstemon, Typha, and Urtica redacted cultural resources reports dated June 17, 2017, and included in the EFSEC Application for Site Certification (ASC) and State Environmental Policy Act (SEPA) Environmental Checklist package submitted by TUUSSO on October 16, 2017; and
- Camas, Fumaria, Penstemon, Typha, and Urtica redacted revised cultural resources reports included in the EFSEC Revised ASC and Revised SEPA Environmental Checklist package submitted by TUUSSO on February 9, 2018.

If you have any questions about the enclosed materials, please feel free to contact Jason Evans again, or myself at 206-781-1909, extension 6718, or at gporemba@swca.com.

Sincerely,

A handwritten signature in black ink that reads 'Gregory Poremba'.
