SUBJECT: Addendum to Final Supplemental EIS NOTICE for the Desert Claim  
Wind Power Project- Request for Amendment to Site Certification  
Agreement

Under the State Environmental Policy Act (SEPA), the Energy Facility Site Evaluation Council (EFSEC) is required to ensure that adverse environmental impacts are considered for projects under its jurisdiction. As the EFSEC SEPA Responsible Official, I have reviewed environmental information submitted by the Certificate Holder, Desert Claim Wind Power LLC requesting an amendment to the Site Certification Agreement (SCA) for the Desert Claim Wind Power Project.

Enclosed you will find an addendum to the Final Supplemental Environmental Impact Statement (FSEIS) which was issued on November 6, 2009. The addendum provides additional analysis with supporting documentation, describes the proposed project changes, and provides new mitigation measures to supplement those listed in the FSEIS and SCA.

Documents for the Addendum can be found on EFSEC's website:  
[http://www.efsec.wa.gov/Desert\\_Claim/SCA.html](http://www.efsec.wa.gov/Desert_Claim/SCA.html)

The public and agencies are invited to comment on this addendum by submitting written comments no later than 5 PM, October 10, 2018.

Comments can be submitted online by visiting the EFSEC website:
