PacifiCorp

Petition to Amend Order 02, authorizing PacifiCorp to defer costs associated with all demand response programs administered under Schedule 106 and clarifying that interest will not accrue on the unamortized deferred balance. It is more efficient to defer all demand response program costs than to require a request for an updated Petition for each adopted demand response program. This Petition does not change rates at this time. Staff will complete a prudence review of all costs at the time cost recovery is requested.
